# Bondade®

## ASPHALTIC BOND PROMOTER

### No Smell, No Mess Tack Coat Alternative

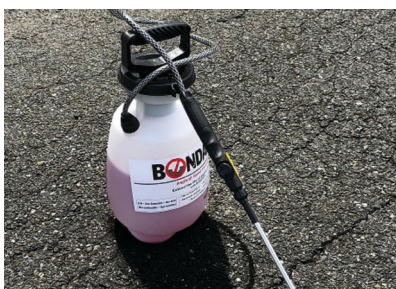

Bondade is a trusted and proven solution used nationwide for decades to enhance asphalt adhesion. It secures a water-resistant bond between asphalt and base materials, significantly extending the life of asphalt repairs.

Ideal for new asphalt or pothole repairs, Bondade is easy to apply without special equipment. Just clear debris and water, spray Bondade, and patch with your regular asphalt mix. Unlike other bonding agents, it works even on damp surfaces.

Evaluated, proven and continuously used by many agencies.

Bondade can be applied even when the surface is damp.

# Bondade

## ASPHALTIC BOND PROMOTER

### Features and Advantages

- Bond Lasts Up to 85% Longer Than Other Methods
- Environmentally Safe, Cost-Effective Green Product
- VOC Compliant, Will Not Irritate Skin
- No Smell, No Mess, Easy Clean up
- Easy Application with no Special Equipment Needed
- Long Shelf Life

### Application

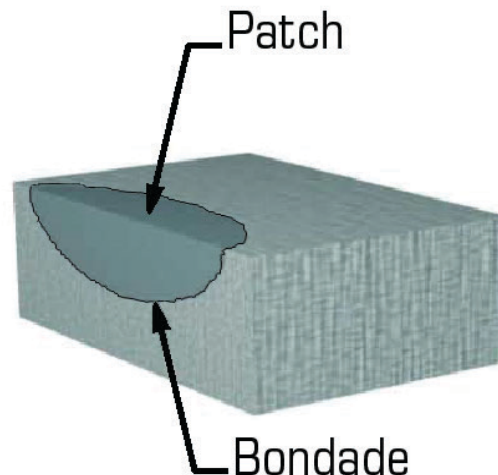

Sweep • Spray • Patch

Bondade is applied to either dry or damp surfaces. Simply sweep the repair area of debris and water, spray or brush Bondade, and then patch using your cold or hot asphalt mix.

Bondade will enhance long-term durability on:

- Hot and Cold Patch Repairs
- Damp or Dry Holes
- Pavement Overlays
- Cold Joints
- Emergency Repairs

Bondade is available in 5 and 55 gallon containers. Cold weather formula is available.

Call or [visit our website](#) to order trial size with sprayer.
