## Color-Safe®

### INDUSTRIAL SAFETY MARKINGS

#### Durable, High-Definition Industrial Safety Markings

Color-Safe® is a Methyl Methacrylate (MMA) based material used at Industrial sites to delineate aisles, loading docks and safety areas. Color-Safe® creates a visible and safe surface for your facility personnel.

Color-Safe® is easy to apply, fast curing and durable even for heavy pedestrian and forklift traffic. Both chemical resistant and color stable, Color-Safe® is becoming the number one choice with plant facility managers.

#### Features and Advantages

- Standard Custom Colors
- Durable Surface
- Excellent Color Retention
- Easy Application
- Fast Cure in Wide Range of Temperatures (40°-100°F)
- Low Life Cycle Cost
- Strong Adhesion to Concrete and Asphalt Surfaces
- Variable Aggregates for High Wear Locations

Color-Safe® enhances your safety program with high visibility color and increased service life.

# Color-Safe®

## INDUSTRIAL SAFETY MARKINGS

### Application Process

**Prepare Surface:** Surfaces receiving Color-Safe® must be thoroughly cleaned and free of all dirt. Contaminates that might interfere with the proper adhesion of the material may be removed by sandblasting or shot-blasting.

**Mix:** Color-Safe® application is typically made up of three components (resin, hardener, and aggregate) that must be mixed thoroughly for uniform curing and performance.

**Apply:** Color-Safe® is applied by either the mixed resin and aggregate method or the spray/broadcast aggregate method.

**Refer to the technical data sheet for application details.**

### Applications

Transpo's Color-Safe® can be used for interior and exterior applications with different sizes and types of aggregate as an anti-skid surface and/or demarcation.

- Warehouse Aisles
- Forklift Travel Way
- Parking Areas
- Traffic Travel Direction
- Crosswalks
- Parking Lots and Garages

Check with manufacturer for most recent Technical Data Sheet before using to specify.

### Standard and Custom Colors

Color-Safe® has many standard color options below, as well as custom colors available upon request.

- Safety Yellow
- Black
- Toll Lane Purple
- Cool Grey
- Handicap Blue
- Green
- Red
- Orange
- White
- Beige

Transpo also offers the ability to customize marking colors to meet your branding or project specific requirements.
